17 August 2016

Dear Mr Lamb

GCC Registration / BCA Membership

It is with regret that I am to inform you that as a result of your removal from the GCC Register on 6 July 2016, in accordance with the British Chiropractic Association's Memorandum and Articles of Association 2006, your membership of the Association ceased as of 6 July 2016.

By virtue of Article 23, clause 6, a member of the Association will no longer be a member if his name is removed from the General Chiropractic Council's register.

As a result of the above, I have received confirmation from your insurers that your insurance with the BCA was cancelled as of 6 July 2016. A pro rata rebate of premium and membership subscription has now been paid to you.

I understand you are in the process of appealing the Registrar's decision to remove you from the register. If your appeal is successful, the insurers have advised that cover can be reinstated for the appropriate premium.

Yours sincerely

Satjit Singh
Chief Executive
