Dear Rosalyn,

I have now had a chance to look at your chronology. My first letter of complaint to Mr Howell back in 2012 where Mr Howell was going to do something, and the families letter of complaint which was ignored and they were recommended to see the Ombudsman, should also be included. Both of these letters are on my patient's website.

If anything else comes to mind I will let you know.

The child is 20 next month and the system will wash their hands of him, so the clock is ticking.

Yours sincerely,

Howard Lamb
