January 9, 2018

Prime Minister Theresa May  
10 Downing Street  
London SW1A 2AA.

Dear Prime Minister,

I trust you had a good Christmas & New Year. In view of the considerable time that has lapsed since our initial contact of May 16 2017, namely eight months, one would be forgiven for assuming you have no intention of facilitating my request for the details of your complaints procedure, standard for all professionals.

Unfortunately, such practices (or lack thereof in this instance) expose you to potential criticisms & rightly so questions as to a probable cover up, of the cover up of mass child abuse by the State through wrong and non-diagnosis.

Again, I would be grateful if you would kindly facilitate my request for the details of the code of practice your office upholds & the ensuing complaints procedure.

However if a confidential inquiry has already commenced, I would be grateful if you would please let me know when my and the families' evidence will be taken by interview and by whom.

Yours sincerely,

Howard Lamb  
DC
