Dear Mrs Uddin,

I am writing to ask for your assistance with the predicament of an adolescent Chiropractic patient. You will find much of the information relating to his life-long plight on my Patients' website [Justice for Autism](#). It both chronicles & substantiates my struggle to get the responsible bodies to honour their duty of care.

Please treat this letter as one of serious complaint. Rosalyn Hayes was fully appraised of the cover-up over allegations of child abuse, abuse of power, perversion of justice and lack of duty of care, by her predecessor David Howell and did nothing about it. I'd be grateful if you would kindly inform me if my complaint has ever been brought to your/the Investigation Committee's attention. To that end, it would be helpful if you would provide me with any information you may hold about me/my complaint as I am entitled to receive under the Data Protection Act of 1998 including but not limited to: emails, file notes, messages, dossiers etc.

I would also be grateful if you would please confirm to me the protocol and procedure for registering a complaint about the GCC's Chief Executive & Registrar and advise if the same practise would apply for the Chairman of the GCC.

Thank you in advance for your kind attention and quick response to these matters.

Yours sincerely,

H Lamb DC
