Dear Mrs Hayles,

I trust you are well. I'm contrite to learn you will soon be leaving the Council for greener, brighter pastures.

I hope before you leave you will reply to my email of January 22, 2018 regarding the conflicting information provided to me by the GCC, concerning the complaints procedure & to my email of January 26, 2018, wherein I requested your assistance in helping me understand the process as it pertains specifically to my complaint, when contrasted against the procedures directed on the GCC website. Otherwise I shall be left with no other form of recourse but to re-address a major complaint with the GCC as per protocol.

In addition, I would be grateful if you would kindly forward a full copy of the paperwork you hold on my case.

I look forward to your quick response as your recent response is not adequate.

Yours sincerely,

H Lamb DC
