Dear Amanda,

Thank you for your update and please thank the chair for her efforts to give me some answers next week .

I would have liked a quick chat but with everything going on, I am sure that her time is at a premium.

Hopefully she will cover why whilst under serious complaint (over breach of law and protocols, lack of duty of care and dereliction of duty), the regulator, temporary chair, and others, were able to remove me from the register when my CPD was correct and they had a conflict of interest .

Please could you also ask her for a copy of all they paperwork she has seen so I can cross reference it with my archives and paperwork I hold on both Child X and the insurance scam.

Kind regards,

H Lamb DC
