Dear Prime Minister,

You have had ample time and opportunity to respond to my complaints. More breaches of protocols and procedures, the same as with your predecessors. I cc'd in Sue Grey, and I did not hear back from her. As head of ethics this was a surprise. It is clear you do not want to expose the government to charges of child abuse, covered in the bundle I sent you.

However, trying to avoid these criminal acts lays you open to charges of trying to pervert justice and abusing the power of your office.

It is clear from early testaments of the Lampard enquiry something has gone terribly wrong. As you will know, this does not just happen in Essex due to our national integrated system.

Non and wrong diagnoses leaves these children exposed so you can come in on budget. Whilst you are trying to avoid the situation, more children are being damaged, and their health and future put at risk.

Just in case you are working hard to resolve these issues and need more time, please let me know. Otherwise, I will have no option but to continue.

Yours sincerely,

Howard Lamb
